

Wednesday April 6, 2005

OREG will now be sending out new items of interest every two weeks, instead of bombarding everyone with forwarded messages! If you would like to be removed from the email list please reply to this email with "remove" as the subject. Please forward me any news information that would like to have sent out, and anything that may be of interest.

Cheers,

Jessica Johnson

April 5, 2005, Ministry of Energy and Mines, BC  
"Task Force to Guide Alternative Energy and Power Strategy"

The announcement of the Alternative Energy and Power Technology Task Force was held at Xantrex in Burnaby, announcing co-chairs Mossadiq Umedaly of Xantrex and MLA Barry Penner.

Barry Penner was interviewed by CBC yesterday. A copy of that transcript, from IPPBC, is attached.

Task Force Press Release is attached and can be found at: <http://www.gov.bc.ca/>

The Power Technology Vision document can be found at:
